Anna's Longarm Quilting Sale

February 1 through March 31, 2012
25% off selected edge-to-edge designs

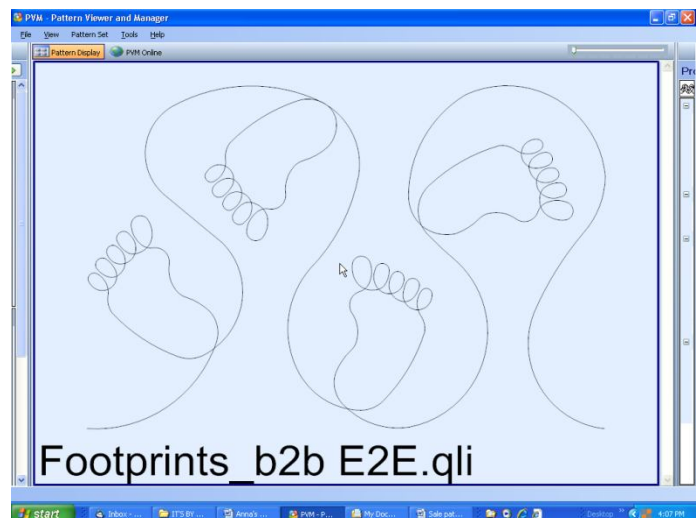

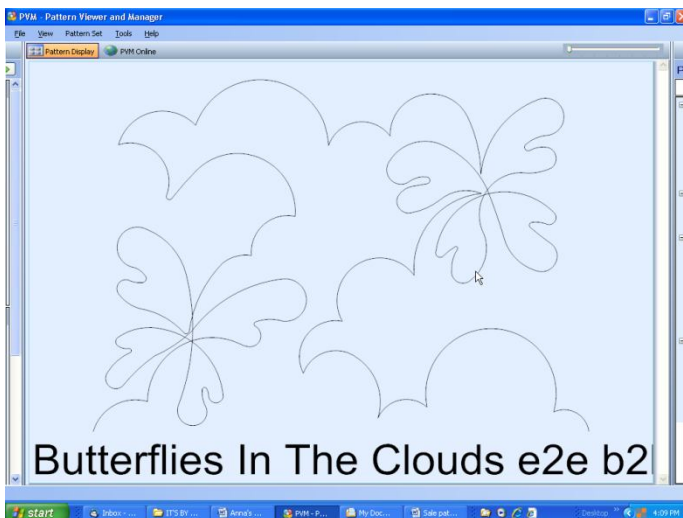

I have chosen six edge-to-edge quilting designs and if you select one of them for your quilt during this sale, you will be charged 25% less than the normal price for E2E quilting. The sale I ran in 2010 brought in 83 quilts. I've told several customers that I don't ever want to work that hard again – so I'm making a slight change in the rules and will not promise to have your quilt back to you within a month. I might get it done within a month but I am not promising just in case I get overwhelmed again.

RULES

- Quilts must arrive at my house between Feb. 1 and March 31 to be included in the sale.
- You have to select one of the six edge-to-edge quilting designs, shown below.
- It may take longer than a month to return the quilt to you... sale HURRY jobs will not be accepted.
- You are not limited to a certain number of quilts, bring as many as you wish.
- Batting, preparations, binding, and all other quilting designs will be the regular price.
- Full-price paying customers will be bumped ahead of sale-price customers.
